WRIGHT'S INDIAN VEGETABLE PILLS.—It should be emembered that Wright's Indian Vegetable Pi'ls are certain to remove Pain in the Side, Oppression, Nansea and Sickness, loss of Appetite, Costiveness, a vellow tinge of the Skin and Eyes, and every other symptom of Liver Complaint, because they pure from the body those corrupt and stagmant humors which, when deposited upon the Liver, are the cause of the aloved angerous complaint. They are also a certain preventive of apoplexy and sudden death, because they carry off those monts which, obstructing the circulation, are the cause of an and of determination of blood to the head—giddiness, especially on turning suddenly round—blindness—drawsiness—loss of memory—inflammation on the brain—insanity, and every the disorder of the mind.

Bearce of Counterfeits.—The public are cautioned against the many spurious medicines, which, in order to deceive, are mide, in outward appearance, closely to resemble the above wederful Pills.

It should be remembered, all genuine medicine has Wright's loain Vegetable Pills neatly printed on the sides of the boxes, and that, if the word Wright's cannot be found, all is positively wrong.

> morning from Rio Janeiro, complains very much of the in-sufficiency of the light off Barnegat, to warn the mariner of his danger. This ought not to be so; there is no place on our coast where lights are more wanted than along that shore, owing to the large number of vessels constantly ar-riving at this port from the Southward. Capt C. says:— "On Monday night, off Barnegat, in 10 fathoms of water, could just perceive with difficulty the light which came from the light honse—a small lamp would make as much light as it did, and if I had not had a pilot on heard, the bark would have went ashore, as I should not have deemed it proper to alter my course." Capt C also states that from the lat 15 to the lat 28 he had the wind from the SE, to E, with torrents of rain, so that the deck was covered with water.

Disasters.
The brig Ceylon, at Havana, from Bath, grounded about 10 miles on the Cuba coast, and had to throw overboard her

dock load of lumber, when they succeeded in getting off without injury to the hall.

Capt Sherman, of the bark Marcus, who has returned to
Sag Harbor with his vessel for repairs, represents the gale of
the 20th as being similar to a typhoon experienced in the Pacific. He states that the gale commenced about two o'clock
in the morning, and blew a complete hurricane from the E
by S and WSW, and lasted about 12 hours, the ship at times on her beam ends and for several hours her yards lay in the water, lost an entire suit of sails, except maintop gallant sail and gaft topsail; all the sails at the time were furled and were blown from the gaskets; lost jibboom, fore, main and mizea topgallant masts, yards and sails attached, and spring

turned to Fortland on the 28th inst to repair. On Sunday morning, in a thick fog, came in contact with an unknown brig, carrying away jib, mainsail, and doing other slight damage; a ring and cleat from the brig, from something carried away fill morn it.

Heads of Hair.—Barry's Ventilating and Gossamer Invisible Wig so closely resembles the real head of hair
that sceptics and connoisseors have pronounced it the most
perfect and extraordinary invention of the day. The great advantage of this novel and unique Wig is its being made with
out sewing or weaving, which causes its appearance so
closely to resemble the natural hair both in lightness and natural appearance, as to defy detection, its texture being so
beautiful, so porous and so free that in all cases of perspiration evaporation is unimpeded, and the great eviks of all other
Wigs entirely avoided. The sceptic and conneisseur are alike
